

DD/556-3784/A

MAY 5 1956

Honorable Arthur S. Flemming
Director
Office of Defense Mobilization
Washington 25, D. C.

Dear Mr. Flemming:

Your letter of October 25th to Mr. Dulles requesting information as to the number of spaces desired in the communications training school has been referred to me for reply.

As you perhaps know, the Relocation Signal Centers, maintained to serve this Agency for Emergency Communications, are both operational on a continuous basis. Furthermore, the

routes all of its normal traffic through our main and Alternate Signal Centers. Personnel employed at these sites are well trained and experienced communicators. All of them are qualified in procedure, teletype operation and cryptographic work.

In view of this situation there are presently no existing requirements for any of the courses offered, except for two facsimile students as indicated in the attached form. However, as the need arises we hope to continue to take advantage of certain other specialized communications training as in the past.

Sincerely,

L. K. White
Deputy Director
